Financial Aid Policy

Red Cedar School is committed to providing financial assistance to ensure as diverse a student body as possible. The financial aid funds that the school has to offer are raised annually through fundraising efforts of all the families of the school, and through donations made to the school by families and friends of the school.

The Financial Aid Committee of the Board of Directors attempts to distribute this pool of funds as equitably as possible, according to need. We ask families to pursue every means of raising tuition on their own, including additional employment, support from family, and accessing other resources such as investments and assets, before requesting financial assistance. We will consider a family’s ability to generate tuition through their own means in determining financial aid awards.

Financial assistance is also offered in the form of contracted tuition work-off. If the school has a need for some form of work that a family requesting financial aid is able to give, the committee may contract to have the family ‘work off’ some of the tuition by helping the school. Work that may be contracted for tuition work off includes carpentry, painting, cleaning and maintenance. Work that the school values as volunteer work and does not contract for tuition work off includes assisting with classes, leading workshops, helping with field trips and tutoring. The school depends on the generosity of volunteer labor to enrich what the school can offer and to keep the costs of tuition down in general.

Financial aid is awarded for one year at a time. Families desiring aid for the following year repeat the process. Decisions regarding financial aid are based on many factors, with every attempt made to be as fair as possible. Decisions about awarding aid are the sole judgment of the Financial Aid Committee. Families who feel they need more aid than they are offered in order to attend may ask the Financial Aid Committee to reconsider their situation. All information provided during the financial aid request process will be treated confidentially.

The Red Cedar School welcomes students of any race, gender, sexual orientation, color, creed, religion, class, national or ethnic origin. All students are accorded the rights, privileges, programs and activities generally made available to students at the school. The school does not discriminate on the basis of race, gender, sexual orientation, color, creed, religion, class, national or ethnic origin in the administration of its educational policies, scholarship programs, athletic programs or other school- administered programs.

How many of your children will attend tuition charging childcare centers, schools, or colleges next year? _____

Please list tuition and financial assistance received (if any) for the facilities they will attend.

What are the total medical/dental expenses you paid last year that were not reimbursed by insurance companies? Please explain.

List tuition based enrichment opportunities that your child/children participated in last year and their associated costs? (camps, music lessons, sports)

Did your child/children receive financial assistance from family/friends or financial aid/scholarships to attend enrichment opportunities? Please explain.

Please list the vacations your family participated in last year and the associated costs for your family.

Additional Information

Was your income for the most recent year typical for your family? Please explain.

Is there other information about your financial situation that would be helpful for us to know?

We ask families to pursue every means of raising tuition on their own, including support from family. Will you be receiving help for paying tuition from a family member or friend? If yes, please explain.

Are both parents working full time? If not, please explain. We recognize that families sometimes need to have a parent at home, full or part time for various reasons. When families are requesting financial aid, the financial aid committee needs to evaluate if a family is maximizing its earning potential.

Do you have financial commitments (e.g. outstanding medical bills, special needs of a family member, support of parents) that we should know about in order to understand your full financial situation?

One of the ways the school is able to offer aid is through tuition work off. We can usually offer more aid if a family is willing to work off some of their tuition. The school's biggest work off need is cleaning the school on weekends. This takes 3-4 hours, and involves vacuuming and mopping throughout the building, cleaning all surfaces, and cleaning the toilets and sinks. Families are credited \$75 for a regular cleaning and \$100 for a cleaning with extras. Are you interested in extending the aid that is offered to you through work off, and if so, would you be willing to do some of the cleanings?

Are there other skills you have that the school could possibly use, such as carpentry, painting, gardening or general maintenance? If yes, please explain your personal and professional experience in these areas.

Thank you for the information you have provided. We will distribute the financial aid funds as equitably as possible, according to need. All information will be treated confidentially.
